CHOICE OF 1,500 SUITS.

WE shall continue this sale for some days yet to come—until we have COMPLETELY EXHAUSTED THE STOCK. That is our ONLY AIM AND OBJECT in having this sale, and we shall accomplish it most successfully.

We literally couldn't wait on the people yesterday, and we had every available individual in our house 'tending vent. Every other department that would "slack up" for a few minutes sent up their force of clerks to "lend a hand." There was a demand for these suits unequalled in our career as clothiers-and the qualities we are offering you, too, have never been matched for excellence.

It's our entire stock of \$24, \$23, \$22, \$20, and \$18 Sack and Cutaway Suits that we have blinded ourselves to their cost, and give you your pick and choice for

They are Cassimeres, Fancy Cheviots, Tweeds, many a pattern of Fancy Worsted, not a few Fancy Corkserows, and two or three lines of plain black Cheviota Wave had men in every station of life, helping themselves out of the rich store we are offering.

The employer and the employed stood shoulder to shoulder picking out the rare effects.

There's consolation to us in it all. It pleases our patrons and insures a complete new stock for

This is not a bluff nor a bugaboo sale, but an honest, bona fide clearance sale, which bears upon its face the stamp of truth and square dealing—a reduction sale that reduces in reality—a Saxs & Co. reduction which catch-penny concerns would fain imitate. Let them imitate. Imitation is the highest kind of flattery. The people of Richmond can tell the real and genuine from the bogus and counterfeit. We shall be busy this week, because we anways perform what we promise. Those who call will get something to be proud of-and they who call first will fare best.
